Summary

Dedicated BSc IT student with a strong interest in Frontend Development and Software Engineering. Passionate about creating intuitive user interfaces and building scalable software solutions. Eager to apply my technical knowledge and problem-solving skills in real-world projects and continuously grow in the field of technology.

Education

MIT Arts, Commerce And Science College *Aug 2023 – July 2026*
BSC-IT (Information Technology)

- CGPA: 8.26
- **Coursework:** Data Structures, DBMS, Computer Networks, HTML and CSS, Software Engineering

Gayatri English Medium School And Jr.College *2021 – 2023*
H.S.C Science

- 74.50% HSC-Maharashtra board

Experience

Hackveda *Oct 2025 – Dec 2025*
Full Stack Developer Intern

Worked on web development, CSV data handling, and app development tasks using technologies like HTML, CSS, JavaScript, and MongoDB. Delivered multiple technical presentations, improving communication and problem-solving skills. Gained hands-on experience in real-world project workflows and collaborative development environments.

Competitions

- **College Level Winner**, Smart India Hackathon 2024 – Internal College Challenge (Aug 2024)
  Member of Team *SIH-MIT-020*, organized by Institution's Innovation Council at MIT ACS College.

Projects

Task Management Website *GitHub Repository*

- Developed a full-stack task management web application to organize projects and track progress efficiently.
- Implemented user authentication and role-based access (Admin/Member) using Node.js, Express, and MongoDB.

ArenaPro Esports Tournament Website *GitHub Repository*

- Built an esports tournament platform where users can register, explore tournaments, and track match details.
- Designed a clean and interactive frontend using HTML, CSS, and JavaScript for smooth user experience.

Doctor Search Website *GitHub Repository*

- Developed a web application to help users search and find doctors based on location and specialization.
- Designed a simple and user-friendly interface using HTML, CSS, and JavaScript.

Achievements

- **Web Development using WordPress** – Completed 2-day workshop organized by Prakriti Club, Department of Science & Computer Science (Feb 2024)
- **Web Crafters Event** – Certificate of Participation from MIT Academy of Engineering in collaboration with The Elite Space and The Knowledge Network Club (Mar 2024)

Skills

Languages: Java (Basic), HTML & CSS(Tailwindcss) , JavaScript, React.js, Node.js

Technologies: MySQL, MongoDB, Git, Figma , Bootstrap

Development: Frontend Web Development Backend Development (Basic)
